

Houghton Elementary School

203 W. Jacker Avenue
Houghton MI 49931
906-482-0456
Anders Hill, Principal

April 23, 2018

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2016-17 educational progress for Houghton-Portage Elementary School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Anders Hill for assistance.

The AER is available for you to review electronically by visiting the following web site <https://goo.gl/8xUZgz> or you may review a copy in the main office at your child's school.

For the 2016-17 school year, schools were identified using new definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school was not identified or given any labels. Our challenge in addressing achievement gaps comes as teachers work to address the needs of very high achieving students and provided interventions for students needing help to reach proficient levels. We are very proud of our overall achievement, which puts us scoring higher than 95% of all other schools in Michigan. We strive to make sure we meet the needs of every student every day.

Many variables enter into a student's placement each year. Reading levels, math levels, combination classroom assignments, separating certain children, and providing a proper boy/ girl ratio in each classroom are considered. The building staff works hard to place every child in a good educational environment. Houghton Elementary School meets with staff and gathers input from stakeholders in developing a school improvement plan. Below is a summary of goals and objectives set for the upcoming school year, which was written in the 2016 -17 school year. This is the first year of this three-year plan.

Goal 1: All students will demonstrate proficiency in reading.

Measurable Objective 1: A 5% increase of Third, Fourth and Fifth grade Economically Disadvantaged students will demonstrate a proficiency as measured by M-Step assessment in Reading by 06/30/2018 as measured by by closing the gap between economically disadvantaged and non-economically disadvantaged students as measured by the M-Step reading test.

Strategy 1: Instructional strategies for engaging males - Teachers will use the Daily 5 method for teaching reading instruction to help males engage in interest during reading and gain stamina in reading as outlined

Boushey, G., & Moser, J. (2006). *The Daily 5: Fostering literacy independence in the elementary grades*. Portland, ME: Stenhouse.

Strategy 2: Research Based Reading interventions - Students identified by DIBELS benchmark testing and CBA's will be given research base interventions in reading in their deficient areas (Phonics for Reading, CHAMPS, Read Naturally, Earobics, Razzkids).

Strategy 3: Parent Involvement - Title I Parent nights will be held to educate parents in helping their children in reading. Category: English/Language Arts Research Cited: Bauch, P. A., & Goldring, E. B. (1995). Parent involvement and school responsiveness: Facilitating the home-school connection in schools of choice. *Educational Evaluation and Policy Analysis*, 17(1), 1-21.

Strategy 4: Teaching Vocabulary - Kindergarten and 1st grade teachers will target vocabulary instruction in ELA and help students gain vocabulary, helping economically disadvantaged students. Category: English/Language Arts Research Cited: Lubliner, S., & Smetana, L. (2005). The effects of comprehensive vocabulary instruction on Title I students' metacognitive word-learning skills and reading comprehension. *Journal of Literacy Research*, 37(2), 163-200.

Goal 2: All students will demonstrate proficiency in math.

Measurable Objective 1: A 5% increase of Economically Disadvantaged students will demonstrate a proficiency as measured by the M-Step test in Mathematics by 06/30/2018 as measured by closing the gap between economically disadvantaged students as measured by the M-STEP math test.

Strategy 1: Teachers will use learning targets in math with students to build increased engagement and focus. - Classroom Instruction that Works by Marzano et al identifies the use of setting objectives through learning targets as an effective way to increase learning and ensure that students will eventually learn to do the tasks independently.

Strategy 2: Developing a Multi-Tiered System of support in Math - We will develop a multi-tiered system of support in mathematics in kindergarten through 5th grade. We will use CBA's and technology based math benchmark testing (Front Row Ed) to find deficient areas and identify Tier 3 students and provide interventions with additional time targeted to tier 3 students to increase proficiency in target areas.

Goal 3: All students will demonstrate proficiency in science.

Measurable Objective 1: A 5% increase of Economically Disadvantaged students will demonstrate a proficiency on M-STEP in Science by 06/30/2018 as measured by M-Step science assessment.

Strategy 1: Reading for Information in Content Area - Teachers will use Daily 5/ CAFE reading strategy to help improve reading for information in the science content area.

Goal 4: All students will demonstrate proficiency in social studies.

Measurable Objective 1: 80% of Bottom 30% students will demonstrate an increase in proficiency level in Social Studies by 06/30/2018 as measured by M-Step social studies assessment.

Strategy 1: Improve reading for information in content area - Students will improve reading for information in this content area. Teachers will achieve with Daily 5 reading strategy.

Houghton Elementary School houses all Houghton Portage Township Schools kindergarteners through 5th graders. We have either 4 or 5 sections of each grade level with average class sizes of approximately 24 students.

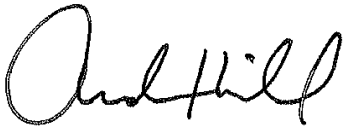

HES provides an exceptional learning experience aligned to the Michigan Grade Level Content Expectations (GLCE's) and Common Core Standards. Information can be found at the school's website:

<http://www.hpts.us/elementary-handbook.php>

For 2016-17 school year, 92 % of our parents attended our fall conferences and 49% attended our spring conferences.

Please call or email if you have any concerns. ahill@hpts.us 906-482-0456 ext. 3000

Sincerely,

A handwritten signature in black ink that reads "Anders Hill". The signature is written in a cursive style with a large initial "A".
